Central Services Full Cost Allocation Plan for Fiscal Year 2024-2025

Dear Christine Nguyen:

ClearSource Financial Consulting submits the following report describing the findings of our preparation of a Central Services Full Cost Allocation Plan for the City of Milpitas.

Please refer to the Executive Summary for the key findings that will support your budget management practices in Fiscal Year 2024-2025, while the balance of the report and its appendices provide the necessary documentation for application of those outcomes in the City's various methods of cost recovery.

Thank you for the opportunity to serve the City on this topic. We are happy to continue discussion on this Full Cost Allocation Plan as the need arises or consult with you on additional topics.

Sincerely,

A handwritten signature in blue ink, appearing to read "Terry Madson".

EXECUTIVE SUMMARY

PROJECT

The City of Milpitas has completed an update of its **Central Services Full Cost Allocation Plan** for application in **Fiscal Year 2024-2025**. This type of project is focused on the costs of administrative, management, general governmental, and other support services within the municipal organization and how those costs relate to the array of direct services provided to the community. The plan yields overhead rates, charges, and other values that can represent or be applied to cost recovery opportunities for these central services. Currently, all of the central services considered for cost recovery in this plan reside in the General Fund.

FINDINGS

During the course of study, information was generated in detail and is discussed substantively throughout this report and appendices. However, outcomes of particular interest are highlighted below:

Citywide Indirect Rate for Central Services

For Fiscal Year 2024-2025, the **Citywide Indirect Rate for Central Services is 43.4% of salary expense**. This rate is applicable to direct charges of City personnel time to projects or programs for which recovery of Citywide central services is allowed, unrestricted by other agreement, and feasible. Simply put:

- For every dollar in salary charged to a program, 43-cents can be charged to recover Citywide overhead.

For direct services without charges of City personnel, overhead recovery is enabled through an alternate expression of the Citywide Indirect Rate. For Fiscal Year 2024-2025, the **Citywide Indirect Rate for Central Services is 16.6% of direct expenditures**. Simply put:

- For every dollar in direct program expense, 17-cents can be charged to recover Citywide overhead.

Interfund Charges for Central Services

For Fiscal Year 2024-2025, **potential reimbursement to the General Fund from City utility funds** for Central Services is as follows, with comparison to comparable charges calculated in the prior and similarly prepared Cost Allocation Plans prepared in previous fiscal years:

POTENTIAL INTERFUND CHARGES FOR CENTRAL SERVICES									
Fund	Presented Plan for FY 2024-25	Prior Plans							
		2023-24	2022-23	2021-22	2020-21	2019-20	FY 2018-19	FY 2017-18	
280 Solid Waste Services	\$ 170,601	\$ 141,310	\$ 157,997	\$ 138,558	\$ 109,778	\$ 99,456	\$ 99,748	\$ 247,696	
400 Water M & O Fund	\$ 2,956,633	\$ 2,903,311	\$ 2,687,393	\$ 2,571,407	\$ 2,748,779	\$ 2,725,061	\$ 2,705,884	\$ 2,593,705	
450 Sewer M & O Fund	\$ 1,514,574	\$ 1,523,670	\$ 1,444,196	\$ 1,482,966	\$ 1,585,433	\$ 1,568,485	\$ 1,544,274	\$ 1,684,501	

EXECUTIVE SUMMARY

It is critical to emphasize that the above outcomes are potential values only. Contractual arrangements and resource sufficiency in these funds may limit the full application of these outcomes in Fiscal Year 2024-2025. However, these outcomes may inform planning for subsequent fiscal years, including revision of underlying revenue sources and/or agreements to accommodate future recovery of Central Services expenditures in line with this Full Cost Allocation Plan.

Furthermore, as presented subsequently in the following report, this updated Central Services Full Cost Allocation Plan has generated allocated shares of indirect cost to all funds Citywide. **This Plan enables the City to determine whether interfund charges for central service to funds in addition to municipal utilities** is allowed, unrestricted by other agreement, and feasible.

Fully Burdened Hourly Labor Rates

This Full Cost Allocation Plan has generated a listing of fully burdened hourly labor rates by position category across all departments Citywide. These rates reflect costs that may be reimbursed when labor is charged or attributable to projects and requests for service which have mechanisms for cost recovery by resource capacity, agreement, or fee for service. Fully burdened hourly labor rates include costs for salary, benefits, supportive services and supplies, departmental administration and management, and the Citywide central services derived by this Cost Allocation Plan.

A listing of these hourly labor rates by position and department is provided in [**Appendix A, Exhibit 18.**](#)

PROJECT ORIENTATION

SCOPE OF STUDY

The City of Milpitas has completed an update to its **Central Services Full Cost Allocation Plan**. ClearSource Financial Consulting has prepared this analysis at the start of Fiscal Year 2024-2025 and will be available to answer questions as the City proceeds in implementing findings as it chooses.

Key outcomes expected of the Central Services Full Cost Allocation Plan include the following:

- ⌚ Citywide allocations of identified central services/indirect costs (e.g., total annual expenditures by direct service program)
- ⌚ Annual interfund charge (maximum value) applicable to funds which reimburse the General Fund for these services, such as: Solid Waste, Water, and Sewer
- ⌚ Composite Citywide indirect rate applicable to direct labor charges
- ⌚ Composite Citywide indirect rate applicable to direct expenditures (e.g., projects or programs not using direct charges of labor to assign the majority of costs)
- ⌚ A listing of fully burdened hourly rates for departmental staff across the City organization

APPLICATION OF STUDY OUTCOMES

The outcomes of this study are intended for application in the City's Fiscal Year 2024-2025. Update to underlying data used to generate these results is recommended for application in subsequent fiscal years.

The City may use the tools and outcomes of this study in multiple applications:

- ⌚ Budget management for Fiscal Year 2024-2025, particularly to inform the amount of interfund charges for central services or general overhead, thus reimbursement to the General Fund from other funds for service or benefit received.
- ⌚ Direct charges to projects or programs during Fiscal Year 2024-2025, where a Citywide indirect rate and departmental overhead rates may apply to hourly labor rates for personnel reporting time to those projects.
- ⌚ Total allocated Citywide overhead and/or indirect rate for applicability in contracted services, partnerships, and other formal agreements where cost recovery is enabled.
- ⌚ Total allocated Citywide overhead and/or indirect rate for inclusion in cost of service-based fee and rate setting across the organization.

PROJECT ORIENTATION

CONSIDERATIONS FOR IMPLEMENTATION

If the City decides to adopt or otherwise utilize outcomes generated through this study, it should:

- ➡ **Update Systems for Cost Allocation Plan Outcomes** – Ensure that City staff begin using updated Citywide indirect rates and associated outcomes, such as interfund charge amounts and fully burdened hourly labor rates, once the plan becomes effective.
- ➡ **Actively Monitor the Use of Citywide Indirect Rates in Direct Charge Settings** – In order to recover accurate and eligible amounts expected, the City should be diligent about tracking time to projects and ensuring rates are applied in the correct amount and using the correct and intended basis.
- ➡ **Annually Review and Adjust Cost Allocation Methodologies** – As prior year financial records are formally issued as final, the Full Cost Allocation Plan can be updated to reflect most recent, audited data and inform prospective budgeting. The use of historical data enables the update of the Cost Allocation Plan prior to the budget development process to ensure results ready for implementation.

Areas recommended for future consideration as this Full Cost Allocation Plan continues to be updated are noted in relevant sections elsewhere in this document.

PREVAILING GUIDANCE

Federal Conditions

This study is conducted with awareness of the Office of Management and Budget 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

As a “Full Cost” Allocation Plan, it should be noted that while federal guidelines represent an industry perspective, they do not represent current restrictions on the City’s practices for cost recovery that are entirely within its control and discretion. Currently, the City of Milpitas does not apply indirect rates to programs or projects requiring a federally approved indirect cost allocation plan. Therefore, the City’s rationale for allocable expenditures within this Plan rely more heavily on the cost of service ethics embedded in California State code.

Should the City pursue cost recovery from programs from sources requiring a federally approved indirect cost allocation plan, this Full Cost Allocation Plan should be revised and issued as a separate iteration to accommodate federal standards. Methodologies employed, treatment of allocable expenditures for central services, and information summarized and retained should be developed to satisfy the principles and requirements of indirect cost allocation when applied outside local agency discretion.

State Conditions

The objectives of this study, the methodology used to complete the study, and the formulation of outcomes and recommendations for future consideration were significantly influenced by Article 13C of

PROJECT ORIENTATION

the California Constitution and Section 66014 of the California Government Code. While Article 13C does not directly address Cost Allocation Plans, it is acknowledged that outcomes presented here may substantively impact the City's establishment and modification of non-tax revenue sources.

Article 13C states that the local government bears the burden of proving by a preponderance of the evidence that a levy, charge, or other exaction is not a tax, that the amount is no more than necessary to cover the reasonable costs of the governmental activity, and that the manner in which those costs are allocated to a payor bear a fair or reasonable relationship to the payor's burdens on, or benefits received from, the governmental activity. Additionally, Article 13C identifies the following as items that are not defined as taxes:

- ⌚ A charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege.
- ⌚ A charge imposed for a specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product.
- ⌚ A charge imposed for the reasonable regulatory costs to a local government for issuing licenses and permits, performing investigations, inspections, and audits, enforcing agricultural marketing orders, and the administrative enforcement and adjudication thereof.
- ⌚ A charge imposed for entrance to or use of local government property, or the purchase, rental, or lease of local government property.
- ⌚ A fine, penalty, or other monetary charge imposed by the judicial branch of government or a local government, as a result of a violation of law.
- ⌚ A charge imposed as a condition of property development.
- ⌚ Assessments and property-related fees imposed in accordance with the provisions of Article XIII D.

CENTRAL SERVICES

CENTRAL SERVICES FULL COST ALLOCATION PLAN

Purpose

The purpose of the Central Services Full Cost Allocation Plan is to provide an analytical basis supported by data and rational decisions to distribute costs associated with centralized, agency-wide support and management services to the operating departments of the City that provide direct service to the community.

The Full Cost Allocation Plan yields the following outcomes:

- ⌚ A single rate applicable to direct charges of labor to recover a share of Citywide indirect costs.
- ⌚ A single rate applicable to direct expenditures (where labor is not a significant component of direct program costs) to recover a share of Citywide indirect costs.
- ⌚ Allocated shares of total annual Citywide indirect costs for every direct service operating department and fund across the City.
- ⌚ A list of potential interfund charges for Citywide indirect costs benefitting funds outside the General Fund.
- ⌚ A list of fully burdened hourly labor rates for all staff positions across the City organization.

The Cost Allocation Plan outcomes described in this document and accompanying appendices are intended for application in Fiscal Year 2024-2025.

Data Source

The primary data source for this Full Cost Allocation Plan is the final budget for Fiscal Year 2024-2025. This means that Citywide indirect rates, cost shares, and interfund charges for the prospective Fiscal Year 2024-2025 are based on financial data linked reasonably with the same time period.

A copy of the raw financial data for Fiscal Year 2024-2025 used by this project is included with this report as Workspace 1 in Attachment A. Though not included in this report, the *2024-2025 Budget & Financial Plan* for the City of Milpitas is archived for public review on the City's website.¹

- Future Consideration** – In subsequent updates of the Full Cost Allocation Plan, the City should continue to monitor this practice and determine whether a link to actual prior year expenditure would produce substantially different outcomes. Alternatively, the City may consider whether a reconciliation and “true-up” process of plan outcomes should be implemented due to the use of budgeted/prospective data as the fundamental basis. As a “Full Cost” Allocation Plan, unencumbered by federal restrictions, the City is bound mostly to the ethics of “cost of service,” which demand primarily reason and proportionality in outcomes.

CENTRAL SERVICES

Allocated Central Services

This Full Cost Allocation Plan allocates the costs of various central service and executive level support programs to the direct operating programs that benefit from the central services provided. A description of each central service program considered in this plan, sourced from the previously published *Adopted Budget & Financial Plan*, is as follows:

⌚ **City Council (General Fund 100, Organization 100)** – “[This function]:

- Serves as governing body of the City.
- Provides legislative direction to the City.
- Promulgates policies for provision of services and direction for the City.
- Enacts ordinances and resolutions necessary for governing the affairs of the City.
- Adopts the Annual Operating Budget and Capital Improvement Plan.
- Serves as City Representatives at public events and functions.”

⌚ **City Manager (General Fund 100, Organization 111)** – “This function provides the administration of City government in an efficient and effective manner according to the general policy guidelines of the City Council and recommends strategies and solutions to issues for Council consideration. [This function]:

- Provides professional expertise and support to the City Council in formulation, interpretation and application of public policy to achieve community goals and objectives.
- Implements the City Council approved policies.
- Ensures the delivery of services to the Milpitas community in an effective and efficient manner.
- Administers the operations of City government.
- Advances organizational vision, determines organizational accountability, goals, and organizational capacity.
- Provides strong leadership and ensures timely dissemination of critical information to the community during times of emergency.
- Submits for adoption a balanced budget that identifies all the anticipated revenues and expenditures.
- Communicates with the City’s diverse community about services, programs, and policies.
- Responds to inquiries from Milpitas residents and businesses, external agencies, customers, and other interested parties.
- Follows legislative activities of federal, state, regional and local political bodies and keeps Council apprised of the potential impact to the City”

⌚ **Information Technology (General Fund 100, Organization 112)** – “This department provides automation planning, coordination of system procurement and implementation, management of technology projects to fulfill customer-defined functional requirements, development and maintenance of the City’s technical architecture and infrastructure, partnering with key product and service providers, ensuring customer satisfaction, providing automation support and training

CENTRAL SERVICES

development, support of the City's web site, Cable TV channel, AM radio station and public-access TV studio, implementation and support of security access systems and all automated data systems. Additionally, Information Services is responsible for the City's public information function. [This department provides the following services]:

- Strategic Planning – This service includes maintaining and updating the City's Telecommunications Master Plan in addition to providing the technology planning and support for each department.
- Project Management – [This] includes project management for both large and small technology projects. These services range from small projects to large multi-year efforts.
- Development and support of the technical architecture and infrastructure. This service includes the maintenance and support of the City's telephone systems, mobile phone and data services, metropolitan-area fiber optic network, paging, radio, video, remote communications and the wired and wireless computer networks.
- Development and support of the City's website, cable TV channel and AM radio system.
- Implementation and operation of the City's security access and control systems.
- Management and support of the complex information systems [including] a data network of more than 90 servers, 500 computers, 80 laptops and 120 printers.
- Development and support of the City's Geographic Information System.
- Support of the Public Information function [through] the City's website, cable TV channel and AM radio station.”

⌚ **City Clerk (General Fund 100, Organization 114)** – “The City Clerk serves as the legislative administrator, elections official, and records manager for the City. Serves as Secretary to the Public Financing Authority and Housing Authority. [The City Clerk]:

- Prepares, edits and publishes City Council agenda and meeting minutes for all regular and special City Council meetings.
- Ensures municipal records are readily available and accessible to all and serve as main source point of information for residents, City officials and staff, and other governments.
- Complies with the Ralph M. Brown Act, the Public Records Act and the City's Open Government Ordinance.
- Provides centralized records management, including creating and retention of all meeting agendas and minutes of all City Council and other entity meetings.
- Coordinates outreach and tracking of terms of service and appointments to 12 City Commissions.
- Maintains codification of ordinances, i.e. ensuring publication of Milpitas Municipal Code by vendor Municipal Code Corporation.
- Administers municipal elections, including candidate filing in November of even years, and receives required campaign finance reports on semi-annual basis.
- Receives and files annual FPPC Form 700/Statements of Economic Interest for all designated employees, Commissioners, and elected officials.”

CENTRAL SERVICES

- ⌚ **Human Resources (General Fund 100, Organization 115)** – “The Human Resources (HR) Department is a centralized full-service department that provides Citywide services related to: recruitment, benefits administration, a self-funded workers' compensation program, labor negotiations, administration of memorandum of understanding with the various employee groups, employee relations, the safety program, compliance with State and Federal employment laws, training and maintenance of personnel systems and files. [Services include]:
 - Recruitment - The HR Department is committed to finding high quality candidates in a timely manner.
 - Benefits Administration - The HR Department provides benefits administration to approximately 350 active employees.
 - Workers' Compensation - The City is self-insured for workers' compensation contracted through a Third Party Administrator (TPA). Staff works closely with our TPA to ensure that all injured employees receive proper care for their work-related injuries.
 - Labor Relations - The HR Department negotiates on behalf of the City and oversees six separate bargaining units by administering, implementing and interpreting labor contracts and assisting in the resolution of grievances.
 - Employee Relations and Customer Service
 - Training - The HR Department coordinates Citywide training on topics such as customer service, employee safety, benefits, harassment prevention, ergonomics, and leadership to provide professional and personal development opportunities for employees.”
- ⌚ **City Attorney (General Fund 100, Organization 120)** – “This department provides general legal advice and services to the City Council, RDA Successor Agency, Housing Authority, City Commissions, City Manager, City departments and other entities as approved by City Council. The City Attorney's department prepares or approves as to form all proposed ordinances, resolutions, agreements and amendments thereto. This department negotiates and drafts complex agreements, including at times development agreements with developers. This department represents the City in litigation and supervises litigation of PLAN JPA appointed counsel. This department also provides guidance in personnel matters. [This department performs the following services]:
 - General legal advice
 - Personnel advice
 - Litigation
 - Employee legal training
 - Compliance advice related to current and forthcoming federal and State regulations
 - Housing Authority and RDA Successor Agency legal services
 - Land use advice and document preparation
 - Conflict of Interest and Open Government guidance”
- ⌚ **Finance Administration (General Fund 100, Organization 300) and Finance Operations (General Fund 100, Organization 310)** – “Finance provides a key service role to all departments, the City Council, and the public and manages the City's financial operations in accordance with industry standards and established fiscal policies. Prudent fiscal stewardship, customer service, compliance,

CENTRAL SERVICES

strategic planning, transparency and effective financial reporting are key elements of its mission. The department is organized into two divisions, Administration and Operations; each provides essential customer services and support to City departments, the City Council, and the public [as follows]:

- Acts as an adviser to the City Manager, City Council and Departments in the areas of financial planning and fiscal analysis. Provides leadership in the development and implementation of sound financial policies for the City.
- Coordinates the preparation of the Annual Operating Budget that includes projection of revenues and expenditures, organizing and publication of the adopted budget document.
- Prepares the Annual Financial Report in accordance with Generally Accepted Accounting Principles and pronouncements of the Governmental Accounting Standards Board (GASB).
- Prepares and maintains accurate financial records including grants, capital projects, enterprise funds, governmental funds, and fixed assets. Files required grant reports.
- Provides operating departments with timely and clear financial performance reports to assist them in their daily decision making.
- Monitors all the capital projects that have external funding sources to ensure collection.
- Collects and records all City revenues including property tax, sales tax, various service fees, utility payments, business licenses, franchise fees and transient occupancy taxes, among others.
- Provides customer service to the City's utility customers, including billing, new account setups, inquiries and meter readings.
- Provides a full range of procurement services to purchase goods and services at competitive prices and to ensure compliance with Federal and State laws and City ordinances.
- Invests the City's idle cash to ensure that there is sufficient cash flow to meet operating needs while maintaining safety, liquidity and competitive returns on the investment portfolio.
- Manages the City's and Successor Agency's outstanding bonds by ensuring timely payments, performance of arbitrage calculations and filing of required continual disclosure reports.
- Manages all the tort claims against the City and represents the City in the Pooled Liability Assurance Network Joint Powers Authority (PLAN JPA).
- Processes all the payments for goods and services timely and accurately.
- Issues payroll checks and benefits payments bi-weekly. Files all the required Federal and State payroll tax withholding reports.
- Provides internal mail service by processing outgoing mail and distributing incoming mail citywide.”

- ⌚ **Facilities Maintenance (General Fund 100, Organization 427)** – “Maintains City buildings and grounds, including building systems (plumbing, electrical, heating, air conditioning, and ventilation; and backup power). Sets up rooms for rental groups and meetings. Manages custodial and janitorial services.”
- ⌚ **Non-Departmental (General Fund 100, Organization 910)** – “This department funds a variety of activities that are not specific to any one department. Personnel Services include expenditures not budgeted in the individual departments such as vacation and leave cashouts, benefit administration

CENTRAL SERVICES

fees, retiree medical benefits and self-funded unemployment insurance. Supplies and Contractual Services include centralized copier costs for City Hall, utility payments and citywide tuition reimbursement.”

- ⌚ **Economic Development (General Fund 100, Organization 116)** – “Economic Development Department strategizes, manages and directs programs and activities such as business retention and attraction, workforce development, revitalization, land-use, marketing & branding, and real estate economics.”
- ⌚ **Fiscal Services-Utilities (General Fund 100, Organization 323)** – Provides customer service and processes payments for all goods and services.
- ⌚ **Depreciation on Government Buildings (calculated/sourced)** – Recorded depreciation expense on government buildings occupied by benefitting units provides a means for allocating the costs of providing long-term physical space for the City’s direct services.

Attached as **Appendix B** to this report are departmental and fund organizational charts published in the *City of Milpitas 2024-2025 Adopted Budget & Financial Plan*.

Allocable Indirect Cost Pools

Where the organization or functional complexity of a central services department necessitates it, the departmental budget has been broken down into cost pools to better determine allocable central services expenditures. The purpose of this additional step is to enable more reasonable, if not accurate, allocation decisions for different indirect services provided by a single department.

The following central services departments have been broken into indirect cost pools as follows:

- ⌚ City Manager – This department is expressed functionally as General Service and management of specific service areas: Public Safety, Operations and Infrastructure, and Development.
- ⌚ City Clerk – This department is expressed functionally as General Service, Elections, and Legislative Support. A portion of this department is also treated as a direct service, not allocable as central service.
- ⌚ City Attorney – This department is expressed functionally as General Service and Specific Service.
- ⌚ Finance Administration and Finance Operations – These departments are expressed functionally as General Service, Payroll, Accounting, Accounts Payable, Cash Collections, Purchasing, Budget and Forecasting, Risk, and Treasury.

CENTRAL SERVICES

- ② Non-Departmental – This department is expressed functionally as Personnel Services, Facilities/Utilities, Financial Services, and Contingency.

These indirect cost pools were developed by identifying individual labor positions attributable to each function of service and then allocating departmental expenditures following the resultant distribution of labor, except in cases where the departmental expenditure is clearly attributable to one or more pool unrelated to labor.

Table 1 lists the cost pools allocated in this Full Cost Allocation Plan. Refer to **Appendix A, Exhibit 3** for the identification of indirect cost pools by name, as well as any applicable labor distributions to those cost pools. Refer to **Appendix A, Exhibit 4** for the line-item detail of allocable central services expenditures by organization and distributed to the identified indirect cost pool functions.

Allocation Bases

A variety of data sets have been used in this Full Cost Allocation Plan as bases for distributing allocable indirect cost pools to benefitting units. These data sets are used to derive allocation factors which determine the proportionality of expense received by each unit. A description of the data sets follows:

- ⌚ **Modified Operating Expenditures** – Expenditures in each department, excluding debt service, capital outlay, transfers, depreciation, and previous overhead charges. Additionally, certain expenditures either extraordinary or distorting allocations have been excluded. These additional exclusions consist of individually evaluated items, such as large contractual expenses, large utility expenses, and other substantial payments or pass-through expenses related to direct services disproportionately to the benefit received from central services. (Refer to Appendix A, Exhibit 2-Supplemental for this data.)
- ⌚ **Gross Operating Expenditures** – Expenditures in each department, excluding debt service, capital outlay, transfers, and amortization.
- ⌚ **Full Time Equivalent Employees** – The number of employees assigned to each department.
- ⌚ **Assigned Square Footage** – The area of government buildings occupied by each department, including City Hall, Public Works Building, Senior Center, Community Center, Sal Cracolice Building, Corporation Yard, Teen Center, recreation facilities, Police Station and Substation, Fire Stations, and other.
- ⌚ **City Council Agenda Items** – The number of agenda items before City Council over a one-year period.
- ⌚ **City Attorney Workload** – The distribution of billed charges to the City's direct operating departments over a one-year period. (Billed charges to general governmental and central services functions are reflected in the "General Service" indirect cost pool for the City Attorney organization.)
- ⌚ **City Manager Service Areas** – From the *City Manager Office Portfolios*, the areas of emphasis for the City Manager, distributed by gross operating expenditures.
- ⌚ **Assistant City Manager Service Areas** - From the *City Manager Office Portfolios*, the areas of emphasis for the Assistant City Manager, distributed by gross operating expenditures.
- ⌚ **Deputy City Manager Service Areas** - From the *City Manager Office Portfolios*, the areas of emphasis for the Deputy City Manager, distributed by gross operating expenditures.
- ⌚ **Invoices** – The annual average number of invoices processed by Finance over a three-year period for direct operating departments.
- ⌚ **Purchasing Staff Time Analysis** – The estimated distribution of annual staff time by direct operating department, per time analysis/interview conducted as part of the prior year Plan update and reviewed and verified by staff in this project.

CENTRAL SERVICES

- ⌚ **Claims** – The number of claims by direct operating department over a five-year period, as reported in the *Association of Bay Area Governments* management report.
- ⌚ **Cash and Investments** – Total cash and investments reported by fund, per the *City of Milpitas Annual Comprehensive Financial Report*.
- ⌚ **As Total City Manager Organization** – The calculated weighted average of all City Manager allocation results across all functional indirect cost pools for the organization.

Table 2 lists the selected allocation basis used to distribute each indirect cost pool to benefitting units. Refer to [Appendix A, Exhibit 5](#) to view the complete data sets and accompanying allocation factors used in this Full Cost Allocation Plan. Refer to [Appendix A, Exhibit 6](#) to view a summary of the allocation decisions made in the quantitative analysis.

- Future Consideration** –It is recommended to keep existing allocation bases current to the costs and operations analyzed in future plans. Data sets should be updated as new information is reasonably available and readily tracked. Particularly, estimated data sets, such as those reliant on time estimates, should be specifically revisited and refined as change in the organization or operations occurs or as greater experience with the application of the data set is gained.

Refer to [Appendix A, Exhibit 1, Part D](#) to view the grand total result of these allocations by direct benefitting unit.

Total Allocable Indirect Cost	\$ 26,959,469	100%

Table 4 summarizes the potential interfund charges informed by the results of this Cost Allocation Plan. Refer to [Appendix A, Exhibit 1, Parts B1 and B2](#) to view additional detail regarding these interfund charge computations.

- Future Consideration** – Allocated cost shares and potential interfund charges may not be immediately applicable depending on current capacity of available resources, sufficiency of prevailing fees/rates, and degree of flexibility of contractual arrangements and program funding. However, these results can and should inform future negotiations, analysis, and processes that seek to modify incoming revenue streams.

Citywide Indirect Rates

For instances where the City charges labor directly to programs or projects, a Citywide Indirect Rate can apply in order to provide cost recovery of Citywide central services. The resulting Citywide Indirect Rate from this Plan is **43.4%**. This rate applies on the salaries of the labor being charged.

CENTRAL SERVICES

Table 5 summarizes the calculation of this Citywide Indirect Rate. Refer to [Appendix A, Exhibit 8](#) to view additional detail regarding this rate calculation.

TABLE 5 | CITYWIDE INDIRECT RATE ON DIRECT LABOR CHARGES FOR FISCAL YEAR 2024-2025

Cost Basis: Total Citywide Indirect Costs	\$ 26,959,469
Rate Basis: Salary Expense in Direct Operating Organizations	\$ 62,179,538
Citywide Indirect Rate on Direct Salary Charges	43.4%

For programmatic or project instances where direct charges of City labor are not a significant driver of expenditure, the City may choose to apply an alternative rate to recover Citywide central services costs. This rate applies on direct expenditures of the program or project under consideration. The resulting Citywide Indirect Rate from this Plan is 16.6%.

Table 6 summarizes the calculation of this Citywide Indirect Rate. Refer to [Appendix A, Exhibit 8](#) to view additional detail regarding this rate calculation.

TABLE 6 | CITYWIDE INDIRECT RATE ON DIRECT EXPENDITURES FOR FISCAL YEAR 2024-2025

CITYWIDE INDIRECT RATE ON DIRECT EXPENDITURES

Cost Basis: Total Citywide Indirect Costs	\$ 26,959,469
Total Expenditures, All Funds	268,623,828
less: Exclusions (Debt Service, Capital, Depreciation, Transfers, Central Services)	(105,824,708)
Net Rate Basis: Direct Expenditures	162,799,120
Citywide Indirect Rate on Direct Expenditures	16.6%

- Future Consideration** – Misapplication of indirect rates is a common error when accessing varied indirect rates. It is recommended that the City create a formal procedure, if not policy, on how and when to apply Citywide Indirect Rates. For example, the City needs to ensure that personnel from central services departments not charge time to projects/programs, as their costs are embedded in the Citywide Indirect Rate that will follow either direct charges of personnel to those projects or the direct expenditures themselves, depending on the rate method chosen for the project/program.

Continuing on that latter point, for each project or program where the City intends to apply an indirect rate, it is recommended that one method be selected: either recover indirect costs on direct charges of City personnel time or recover indirect costs on direct expenditures of the project/program. To avoid easily duplicating cost recovery, the City should not apply both rates in the context of a single project/program. A formal policy delineating how to make that decision for each project could assist. Such a policy would typically set a threshold on the project/program. For example, on projects whose costs are driven substantially by City labor, the indirect rate on

CENTRAL SERVICES

personnel time should apply. Conversely, for projects driven substantially by external costs, the indirect rate on direct expenditures should apply.

Indirect Rates by Department

If a Citywide indirect rate is not preferred, allocated costs can be expressed as an indirect rate by departmental (or divisional) classification to facilitate cost recovery of Citywide central services in instances where direct charging is available.

Table 7 summarizes resulting indirect rates by department/division, both as a rate on direct salary expense and as a rate on direct expenditure. Refer to [Appendix A, Exhibits 9A and 9B](#) to view the detailed calculations.

Fully Burdened Hourly Labor Rates by Staff Position

This Central Services Full Cost Allocation Plan has also enabled calculation of fully burdened hourly rates for individual staff positions across the municipal organization applicable in Fiscal Year 2024-2025. These fully loaded rates are useful when the City is able to directly charge for staff time incurred on a project, a cost-sharing arrangement, or a request for service for which fee-based cost recovery is possible.

The fully burdened hourly rates are computed by department, and include the following layers of cost, which sum to a total cost per hour by position:

- ⌚ Salary cost for the individual.
- ⌚ Benefits cost for the individual.

CENTRAL SERVICES

- ⌚ A provision for non-labor operating costs in the department which support labor, such as services and supplies expense categories, excluding contractual services and capital outlay.
- ⌚ Citywide central services, as expressed by the indirect rates listed in Table 7 and generated by this Cost Allocation Plan.
- ⌚ Departmental indirect services, which is calculated in this Cost Allocation Plan by designating administrative and management personnel within the department as indirect service providers and layering their costs into the hourly rate basis for remaining direct service providers. In this way, the function of departmental administration and management is reflected in direct cost recovery when fully burdened hourly rates are imposed.

Fully burdened hourly rates are expressed as a composite for each distinct position (i.e., individuals with the same title have the same hourly rate, regardless of individual salary and benefits). The salary component of the composite hourly rate references the top step approved for each position; benefits, services and supplies, and departmental indirect services reference average values across all individuals within the position; and Citywide central services is a uniform value for all positions within the department.

Tables 8.A through 8.H summarize the fully burdened hourly rates by position for each department in the municipal organization. These calculations by department can be viewed in **Appendix A, Exhibits 10 through 17** and are summarized in **Appendix A, Exhibit 18**.

CENTRAL SERVICES FULL COST ALLOCATION PLAN FOR FISCAL YEAR 2024-2025

Exhibit	Purpose
1	“Management Brief” – Summarizes key outcomes of the Plan, including indirect rates, potential interfund charges, allocable indirect cost pools and corresponding allocation basis, and total allocation to direct benefiting units.
2	Illustrates relevant chart of accounts information and determines expense data used in the development of the Modified Operating Expenditures allocation basis. Demonstrates reconciliation to the financial records data source.
3	Names functional indirect cost pools within central services organizations. Analyzes personnel in central services organizations to develop bases for indirect cost pools developed in Exhibit 4.
4	Determines eligible indirect expenditures for central services departments and apportions expenditures to allocable indirect cost pools where relevant.
5	Lists data sets available as allocation bases and calculates allocation factors applied in Exhibit 7.
6	Summarizes the allocable central services costs by indirect cost pool and assigns the basis for allocating each pool in Exhibit 7.
7	Allocates central services indirect cost pools to direct benefitting units Citywide, according to their share of the chosen allocation metric.
8	Calculates Citywide indirect rates.
9A – 9B	Calculates indirect rates by individual organization
10 – 17	Develops fully burdened hourly rates by individual staff member in selected departments
18	Summarizes fully burdened hourly rates by position title in selected departments
W1	Presents the data source for expenditures processed in the analysis.
W2	Presents the City’s Chart of Accounts.
W3	Presents a listing of all labor positions in the City.
W4	Identifies indirect costs within departmental budgets.
W5	Presents classification codes for all labor positions.

CITY OF MILPITAS | FULL COST ALLOCATION PLAN FOR FISCAL YEAR 2024-25

Management Brief

The following key highlights represent maximum recommendations generated by the Cost Allocation Plan.

A. Indirect Rates for Citywide Central Services, Composite

43.4% of direct salary expense

Apply this rate to billed salary expenses as a mark-up for central overhead.

16.6% of direct expenditure

Apply this rate to direct project expenditures as a mark-up for central overhead. Do not apply this rate when the majority of capitalized expenditures are billed labor. In that case, the project should receive overhead based on directly billed labor.

[a] Refer to Workspace 3. Exception: Fire Suppression personnel assigned a 56-hour average work week show a higher FTE than personnel working a standard 40-hour week on which a 1.0 FTE value is based.

[b] Generalized productive hours assumptions. This may be imposed by individual depending on system capabilities.

80 hours, holiday (10 days)

120 hours, paid leave (15 days)

260 hours, general administrative and/or break (1 hour per day)

22% reduction to FTE hours to derive productive hours

[c] Refer to Workspace 4 for line-item categorization. Expenses include non-labor services and supplies, excluding contractual services and capital outlay.

[a] Refer to Workspace 3.

[b] Generalized productive hours assumptions. This may be imposed by individual depending on system capabilities.

80 hours, holiday (10 days)

120 hours, paid leave (15 days)

260 hours, general administrative and/or break (1 hour per day)

22% reduction to FTE hours to derive productive hours

[c] Refer to Workspace 4 for line-item categorization. Expenses include non-labor services and supplies, excluding contractual services and capital outlay.

(For functions included in the Citywide indirect cost rate, services and supplies are excluded in this calculation.)

[d] Refer to Exhibit 8, the composite Citywide rate. The rate is expressed a percent of salary expense and is applied to the salary cost per hour.

[e] As derived from that portion of individual positions designated as Indirect Service in the data listed above, totaling as follows:

\$	-	Total Salary Cost Designated as Indirect Service
	-	Total Benefits Cost Designated as Indirect Service
	-	Total Non-Labor Operating Cost Designated as Indirect Service
	-	Total Citywide Central Services Cost Designated as Indirect Service
	-	Total Departmental Indirect Service Cost
9,347,265		Direct Services Personnel Salary Cost
0.0%		Departmental Indirect Service Rate

[f] The rate is expressed as a percent of salary expense and is applied to the salary cost per hour, adjusted only for that portion designated as Direct Service.

Fund Structure

Accrual Basis of Budgeting

Basis of Budgeting

City budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) except that encumbrances are considered budgetary expenditures in the year of the commitment to purchase, and capital project expenditures are budgeted on a project length basis rather than a fiscal year. For all governmental funds, revenues and expenditures are budgeted on a modified accrual basis for all proprietary funds, revenues and expenditures are budgeted on an accrual basis.

Accrual Basis is a basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received and spent.

Modified Accrual Basis is a basis of accounting in which revenues are recognized when measurable and available and expenditures are recorded when the related fund liability is incurred.
